How We Work

At Ascend Now, we partner in your child's educational journey with a team of experienced advisors, coaches, and educators to ensure they not only learn but also enjoy the process. Their success is our mission.

1

Speak with an advisor

First, we assess your child's learning needs and goals, then craft a bespoke program and timeline to achieve them.

2

Performance Coach meeting

Every student gets a dedicated coach to match them with the ideal tutor based on learning preferences.

3

Suitability check

Meet the tutor to determine if they're a good fit and discuss your current academic challenges.

4

Plan the roadmap

Once you approve the educator, we'll set checkpoints, schedule sessions, and provide access to our resources.

5

Achieve your goals!

Our post-lesson updates, monthly reports, and personalized messages keep you informed of goal progress.

We'll help you **every** step of their way.

Hear From Our Families

Hands-on support in creating my non-profit project

Ascend has tremendously helped me navigate this stressful college process. From providing hands-on support in creating my non-profit project to assisting with publishing my research paper, and, most importantly, crafting my college essays.

Kate W
Student | College Counselor

Help with college application process

Faaiza has helped me tremendously throughout my application process and thanks to her patience and amazing reliability, she helped me achieve my dream, getting accepted into Boston College. This could not have been possible without her.

Hugo H
Student | College Counselor

Strong, confident children

Ascend Now is teaching our children to be strong, confident, thoughtful, resilient and, importantly, to embrace challenges. We are incredibly grateful and thankful for their ongoing support and commitment to our children's success.

Tara B
Parent | College Counselor

What Kind Of Success Can You Expect?

From improving grades in a short period of time, to helping students plan for college and create impactful projects for their profile, here are some examples of what we've helped our students achieve.

Darren S
